NEMATOTOLOGY LITERATURE LIST

1963
and
1964

By Grace S. Cobb

CR-35-65

U. S. DEPT. OF AGRICULTURE
NATIONAL AGRICULTURAL LIBRARY

OCT 10 1965

March, 1965

CURRENT SERIAL RECORDS

Nematology Investigations
Crops Protection Research Branch
Crops Research Division, Agricultural Research Service
United States Department of Agriculture
Beltsville, Maryland

This is a list of 1,529 publications added to the files of Nematology Investigations during the calendar years 1963 (pages 1-68) and 1964 (pages 69-112). Most of these citations were indexed from the original publications or from reprints received through the courtesy of the authors. Others were indexed from abstracting journals, and a few were listed from bibliographies of published papers.

Anon. 1926. "Pests and diseases." Dept. of Agriculture, Trinidad and Tobago. Rept. for the Year ended 31st December, 1925. p. 33.

_____. 1961. "Plant Nematology." Agriculture Bull. (Dept. of Agriculture, Calif.). 51(2):102-103.

_____. 1961. "An alfalfa stem nematode (Ditylenchus dipsaci (Kühn 1857) Filipjev, 1936." Canadian Insect Pest Review. 39(4): 165.

_____. (Compiled by D. W. Creelman). 1961. "A summary of the prevalence of plant diseases in Canada in 1960." Canadian Plant Pest Survey. 41(2):30-121.

_____. 1961. "Selected bibliography on nematodes in soil (1961-1962)." Commonwealth Bur. of Soil Sci. (Annot. Bibliog.). 14 pp.

_____. 1961. "Nematodyne bolezni ovoshchnykh kul'tur i kartofelya i bor'ba s nimi." (Nematode diseases of vegetable crops and potato and methods to control them.). Vsesoyuzn. Nauch.-Issled. Inst. Zashch. Rast. Trudy. 16,200 pp. (Compilations of many authors.)

_____. 1961. "Report on the work of the College for the year ended 30th September, 1961." Glasgow: West of Scotland Agricultural College. 92 pp.

_____. 1962. "Nematode pests of mushrooms, by R. J. Conroy, and C. D. Blake. Ed. 2. Sydney, Blight, 1962." New South Wales. Dept. of Agriculture. Biology Br. 7 pp.

_____. 1962. "Helminths pp. 34, 37-38." Univ. of Birmingham. 32nd Annual Report, 1960-61. Birmingham University Res. Committee. 144 pp.

_____. 1962. "Helminths pp. 100-101, 122-129." Report of the Rothamsted Experimental Station for 1961. Harpenden: 296 pp.

_____. 1962. "Helminths pp. 34, 36-37." Report of the Agricultural Research Council for the year 1960-1961. London: H. M. Stationery Office, VII+79 pp.

_____. 1962. "Summary of the prevalence of plant diseases in Canada in 1961." Canadian Plant Pest Survey. 42(2):23-102.

_____. 1962. "Voorwaarden voor ontheffing voor de teelt van aardappelrassen met resistentie tegen aardappelmoehheid op besmetverklaarde grond." (Regulations for exemption for growing potatoes resistant to the potato nematode on soils free from infection.) Netherlands. Plantenziektenk. Dienst. Ber. 1469. 2 pp.

_____. 1962. "National Nematode Conference, 2, Washington, 1962." 154 pp.

_____. 1962. "Potato root eelworm." North Ireland Min. Agr. L. 117, 4 pp.

_____. 1962. "Chrysanthemum eelworm (Aphelenchoides ritzemabosi). " Gt. Brit. Ministry of Agriculture, Fisheries and Food Adv. L. 339. 6 pp.

Anon. 1962. "Stem and bulb eelworm (Ditylenchus dipsaci) on narcissi, hyacinths and related bulbs." Gt. Brit. Min. Agr. Fisheries and Food Adv. L. 460. 8 pp.

_____. 1962. "Experiments with the planting of apple trees on fatigued soil." Tidsskr. f. Planteavl. 65(4):729-732. (In Danish.)

_____. 1962. "Outbreaks and new records." FAO Plant Protection Bull. Dept. of Agric. Ottawa. 10(5):115-117.

_____. 1962. "Ontheffingsmogelijkheden van de verplichte vruchtwisseling van aardappelen voor het teeltjaar 1963." (On the possibilities for exemption from the obligatory potato crop rotation in the growing year 1963). Netherlands. Plantenziektenkundige. Dienst. Ber. 1518. 3 pp.

_____. 1962. "Voorwaarden voor ontheffing voor de teelt van aardappelrassen met resistentie tegen aardappelmoeheid op besmetverklarde grond." (Stipulations for the exemption for the culture of potato varieties resistant to the potato nematode on soils declared free from infection). Netherlands. Plantenziektenk. Dienst. Ber. 1520, 2 pp.

_____. 1962. "Regeling voor het aanvragen van ontheffing van het aardappelteeltverbod in de bollenstreek." (Rules for the application for the exemption from the potato culture prohibition in the bulb area). Netherlands. Plantenziektenk. Dienst. Ber. 1521, 3 pp.

_____. 1962. "Istrebit' biologicheskii parazitizm (beseda s akademikom K. I. Skryabinym)." (Elimination of biological parasitism (an interview with Academician K. I. Skryabin)). Priroda 5(6):50-53.

_____. (Explanatory note by: Iain McDonald, Director). 1962. "Burley tobacco culture." Tobacco Research Board of Rhodesia and Nyasaland. Interim Report No. 6. 26 pp.

_____. 1962. "Plant nematodes (ARS Special Report)." U. S. Dept. of Agriculture, Agricultural Research Service, ARS-22-83. 1-24.

_____. 1963. "Symposium on interrelationships between nematodes and other agents causing plant diseases; invitational papers presented at the 53rd annual meeting of the American Phytopathological Society, Biloxi, Miss., Dec. 10-13, 1961." Phytopathology 53(1):27-47.

_____. 1963. "Potato breeding lines resist golden nematode." Agricultural Research. 11(7):p. 11.

_____. 1963. "Fungus captures nematode." Agricultural Research 11(9):10. (C. Drechsler's work).

_____. (Compiled by Bessie C. Mumford). 1963. "Pests recorded from July 1, 1961 through June 30, 1962." List of Intercepted Plant Pests, 1962. Plant Quarantine Division, USDA. 88 pp.

_____. 1963. "El nematode dorado de la papa." Estacion Experimental Agricola de La Molina (Peru). 6, 20 pp. (English summary).

- Anon. (work of B. Y. Endo). 1963. "Soybean cyst nematodes." Agricultural Research. 12(3):8-9.
- _____. 1963. "Aardappelrassen met resistentie tegen aardappel-moeheid (A. M.-rassen)." (Nematode (Heterodera rostochiensis) resistant potatoes (A.M.-varieties)). Ber. over Rassenkeuze 335: 6 pp.
- _____. 1963. "Barring our doors against plant pests." Agricultural Research. 12(6):8-9.
